

FIG. 4

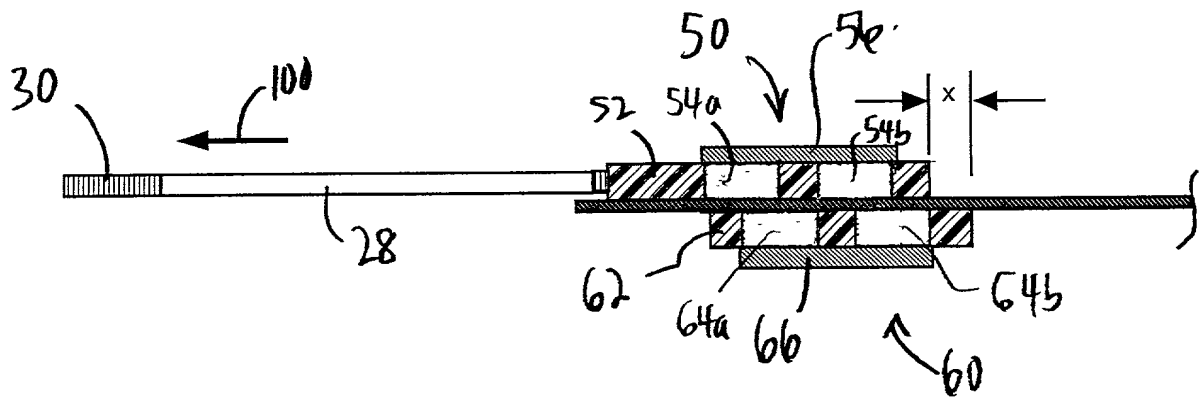

FIG. 5

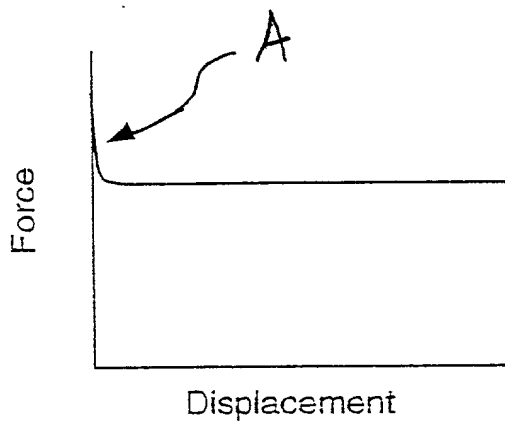

FIG. 6

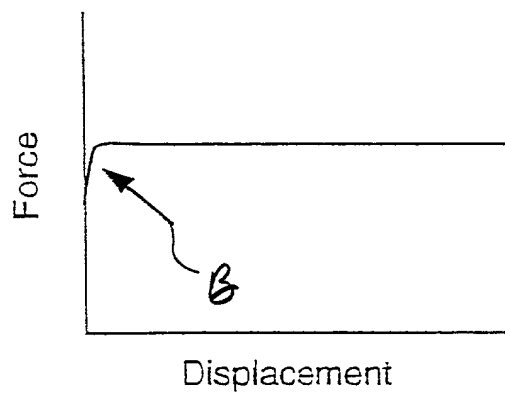

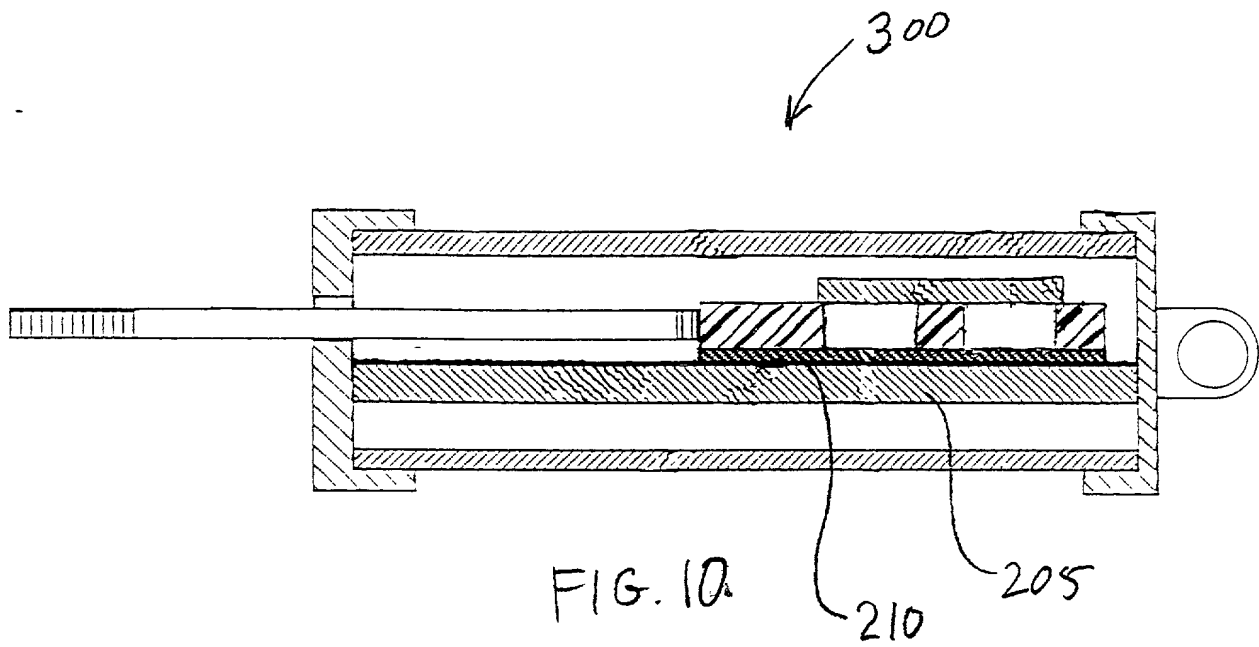

FIG. 7

A cross-sectional view of a device assembly 200. The assembly includes a central component 14, which is a rectangular block with a central rectangular cavity. This component is surrounded by a thick, circular ring 205. The ring 205 has a hatched pattern, indicating a different material or cross-section. The entire assembly is enclosed within a circular boundary.
